

Chatelech Drag Racing Team

- **The focus of this group is to work as a team to compete in our local drag racing events, and be involved at our local track and to promote safe motorsport.**
- **We will also compete in Mission in the BSCCMA when they are up and running again.**
- **Through teamwork we will volunteer at our local track for preparation and work parties for races. We will contribute to race days by volunteering and performing any duties given to us as a team.**
- **As part of this team students are also able to race their own vehicles provided they have contributed to the duties of the team.**
- **In order to be a member of this team every member must contribute and have excellent work habits and attendance. If work habits and attendance are not sufficient the student will be eliminated from the team.**
- **We fundraise for this team through donations from jobs that we do in the automotive shop, such as maintenance, tires and brakes.**
- **Meetings are Thursday's from 3:30-5:00 PM. Cancelled events are indicated in daily announcements, SWAGG and our Facebook page.**
